Sathish Thiruvengadam

Quality Assurance Administrator

Highly organized and detail-oriented Quality Assurance Administrator with over 3 years of experience in banking, actively pursuing an exciting opportunity within a renowned organization. Possessing exceptional communication and problem-solving skills, I am committed to consistently delivering exceptional outcomes.

Experience

○ 2021 - 2022

Wells Fargo

Quality Assurance Administrator

- Verifying Estate documents, Power of Attorney, Tax Returns, the customer's signature, Guardian certificates, Custodian documents, conservatorship documents and other supporting documents.
- Verifying documents for the Opening of an Account, Mortgage and transfer of funds after the death of the customer to their legal nominee

○ 2020 - 2021

Wells Fargo

Operations Accountant

- Rectification of errors that arise during the check transaction either through the Bank directly or through an ATM. Rectifying under-encoded, over-encoded or multiple-postings of checks either by the Customer or by the Bank tellers. When I am unable to rectify the error, I would need to do loss reversal since the customer closed their account.
- Handling individual Customer and wholesale customer accounts using Mainframe, Compass, CStar and Wells Fargo Banking Tools.

○ 2018 - 2019

Accenture

Underwriting New Associate

- Worked as an Underwriting New Associate for a community-based Bank client, SunTrust Bank, acquired by BB & T Corporation (Branch Banking and Trust Company).
- Analyzing business tax returns and Wholesale Business 10Q and 10K documents using Moody's Risk Analysis Tool and generating reports.
- Generating quarterly and annual reports to find liquidity and performance of the customer's businesses.

Skills

- SPSS and TORA Analytical tool
- Software Testing - Manual Testing and Automation Testing using Selenium Framework with Java
- Agile methodology, TestNG and Cucumber Frameworks, Extent report, Jira Bug tracking tool
- GitHub Repository
- MS Office software
- Reconciliation of Customer's bank account
- Financial analysis

Language

English

Tamil

Hobbies

- Reading Articles in Internet
- Cooking and Cleaning

Projects

- I have completed a one-month internship at Integral Coach Factory, to learn about the organizational structure of the company.
- I have completed a three-months project at TNSC Bank, where I evaluated the efficiency of the bank using the CAMEL framework. The CAMEL framework is a method of assessing the financial performance of banks based on five criteria: capital adequacy, asset quality, management, earnings, and liquidity.

Certifications

- ITT (Information Technology Training) from ICAI
- Tally ERP 9.1 is completed with 77 % score
- Typewriting passed in Higher with distinction in English and Tamil
- Software Testing certification at TestLeaf
